

Wild Sage Café

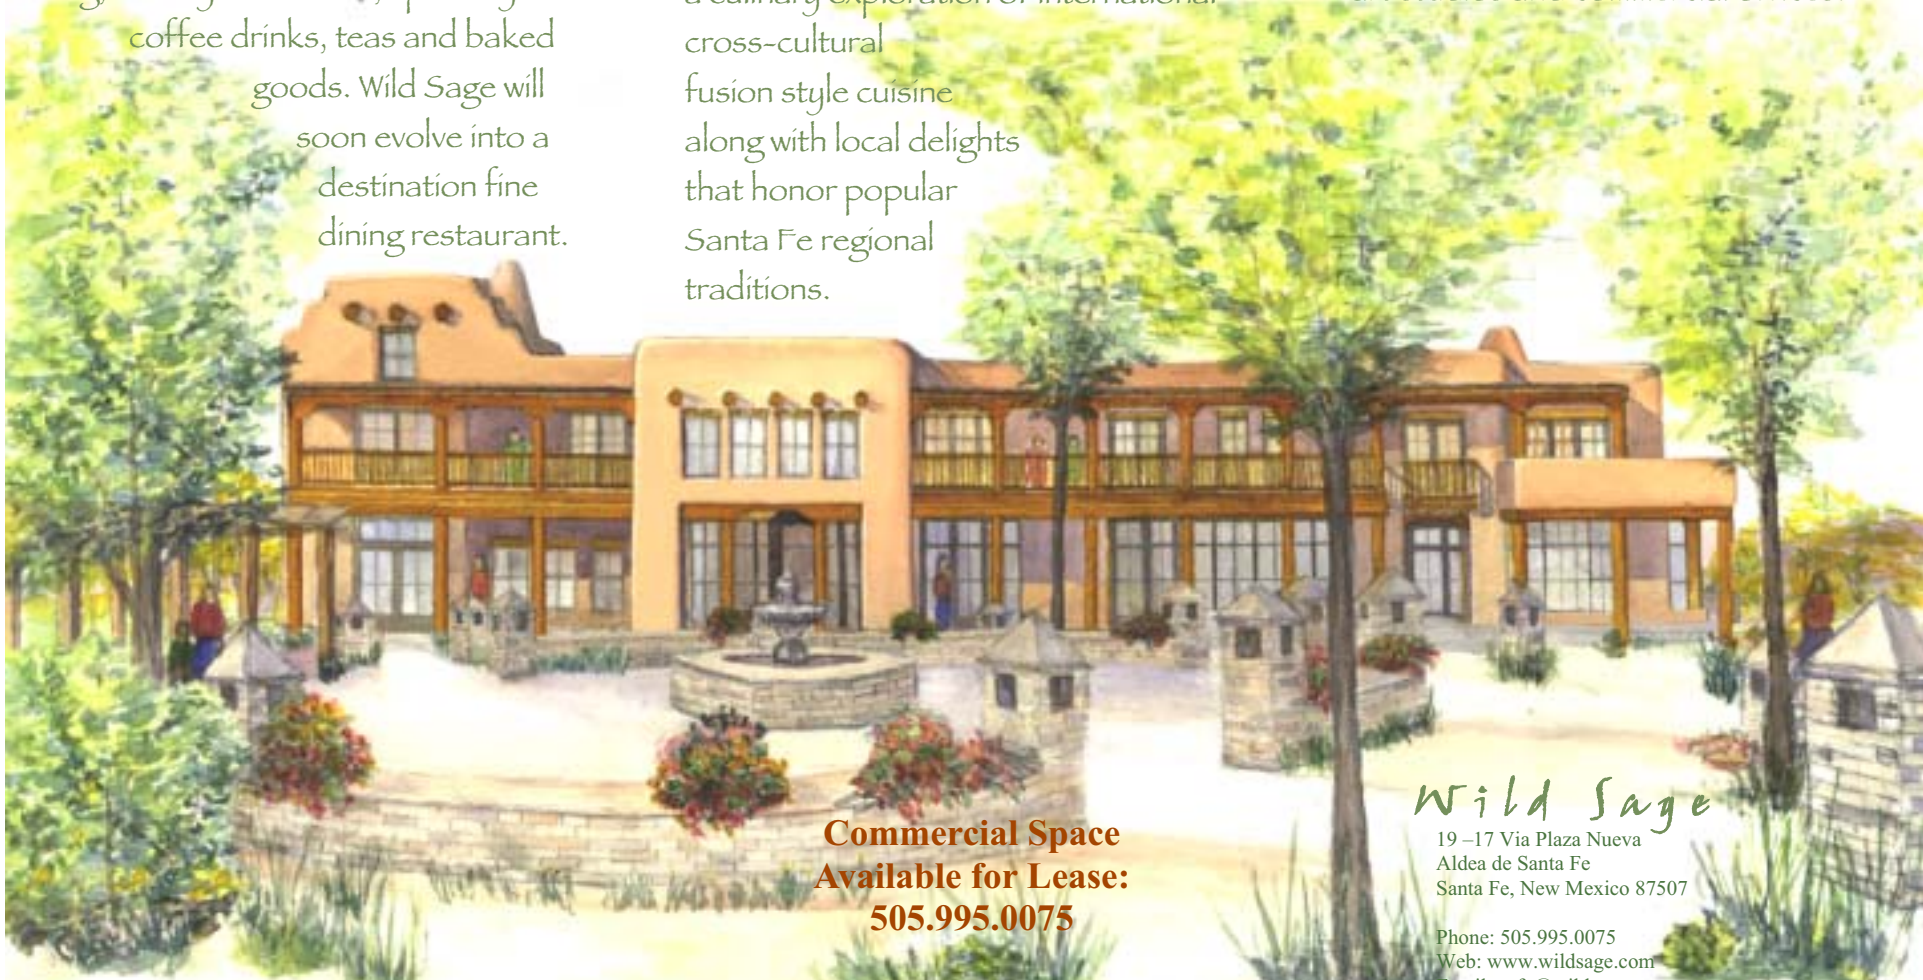

The Wild Sage Café on the Aldea Plaza will offer coffee shop style breakfasts, café style lunches, premiere evening dining, deli style take-out, specialty coffee drinks, teas and baked goods. Wild Sage will soon evolve into a destination fine dining restaurant.

Southwest with a Twist

Imagine a world fusion destination restaurant offering breathtaking mountain views and a premiere indoor/outdoor sunset dining experience. The menu will likely include a culinary exploration of international cross-cultural fusion style cuisine along with local delights that honor popular Santa Fe regional traditions.

On The Plaza

Aldea Plaza will likely become a popular west side destination of unique specialty shops, inviting cafés, intimate galleries, Live/Work Lofts, restaurants, grocery market, art studios and commercial offices.
